

DESCRIPTION

C-Clean replaces solvent-based cleaners, eliminating the harsh odors, fire hazards, and heavy protective gear required when solvent cleaners are used. **C-Clean** works well in cold water, but warm water is recommended in order to speed up solubility. **C-Clean** is an excellent choice for cleaning areas such as warehouses, food plants, mechanic shops, patios, kitchens and all types of concrete floors. It can be used as a wall cleaner prior to painting. **C-Clean** is safe to use on non-waxed floors.

FEATURES & BENEFITS

dust-free • phosphate and nitrate free • safe to use • low foaming • remove grease, tar, oil, and other ground in soils • contains pine oil • free rinsing • no residue

DIRECTIONS

Direct Method: Wet the area to be cleaned with warm water. Sprinkle **C-Clean** liberally over surface. Brush with a stiff broom or a scrub brush. Let stand for 5 to 10 minutes and hose off.

Alternative method: Mix a solution of approximately 3 oz per gallon of hot water (22 grams/liter) (1:40), and mop onto surface. After standing for approximately 5 minutes, rinse using clean warm water, changing water often, until all dirt is removed.

FIRST AID

Eyes & Skin: If eye or skin contact occurs, immediately flush with plenty of water for at least 15 minutes. Call a physician. **Inhalation:** Remove to fresh air. Call a physician. **Ingestion:** If swallowed, promptly give plenty of water or milk. Do not induce vomiting. Call a physician.

For further information, please review the **Safety Data Sheet (SDS)** and **Product Label**.

STORAGE & HANDLING

Keep from freezing. Store upright in original closed container at room temperature away from children. Avoid breathing dust. Do not get in eyes, skin or clothing. Do not mix with any other chemicals. Prolonged storage may cause product to cake and become damp from atmospheric moisture. Do not store in metal or galvanized containers.

PHYSICAL DATA

Package: 20Kg pails

Appearance: powder

Colour: yellow

Foam: low

Odour: pine

pH: 12.5-13.0
