

DESCRIPTION

Hy-Built is a specially designed complete detergent for the plant desiring a broad-spectrum product suitable for all classifications. It is formulated to handle all the heavy soils associated with industrial and linen supply operations. **Hy-Built** emulsifies and suspends heavy grease and oil deposits. It forms a stable emulsion at low or high temperatures and rinses quickly to save time and energy. **Hy-Built** is an anhydrous sodium metasilicate-built product, containing high proportions of active non-ionic surfactant, soil suspending agents, sequestrants, and brighteners for a superb wash. You will achieve a brighter, cleaner lead with less fuss and lower cost.

FEATURES & BENEFITS

highly built detergent • used on all types of linens • excellent brightening quality • versatile • cost-effective • superior results

DIRECTIONS

Hy-Built may be used on light, medium, and heavy soils in industrial uniforms, cottons or polyester/cotton blends, and meat packers' shrouds.

FIRST AID

Eyes & Skin: If eye or skin contact occurs, immediately flush with plenty of water for at least 15 minutes. Call a physician. **Inhalation:** Remove to fresh air. Call a physician. **Ingestion:** If swallowed, promptly give plenty of water or milk. Do not induce vomiting. Call a physician.

For further information, please review the Safety Data Sheet (SDS) and Product Label.
