

### DESCRIPTION

**Max Lift Plus** is a concentrated liquid oxygen bleach for our closed-loop laundry chemical dispensing system. **Max Lift Plus** is effective in removing stains from coloured fabrics that chlorine bleach cannot be used on. As well as preventing fabric discolouration from iron deposits, **Max Lift Plus** is safe to use on almost all types of fabrics, white or coloured. **Max Lift Plus** might not be as fast-acting as chlorinated bleach but it is less corrosive and damaging to fabrics. Over time and with exposure to air/ sunlight, **Max Lift Plus** breaks down to water and oxygen which makes **Max Lift Plus** very environmentally friendly. **Max Lift Plus's** shelf life is about 1 year. Please test the fabric for colourfastness before use. Use a cotton swab to dot **Max Lift Plus** on an inconspicuous spot on the garment, allow the spot to dry completely. If you see any changes in the colour or transfer of colour from the garment to the swab, do not use **Max Lift Plus** on this fabric.

### FEATURES & BENEFITS

highly concentrated • liquid form • contains hydrogen peroxide • quickly disperses throughout the entire wash compartment • effective stain remover • longer shelf life than chlorinated bleach • brightens fabrics • environmentally friendly

### DIRECTIONS

**Max Lift Plus** is designed to be dispensed directly from the container by a Project Clean Liquid Laundry Dispenser.

### First Aid

**Eyes & Skin:** If eye or skin contact occurs, immediately flush with plenty of water for at least 15 minutes. Call a physician. **Inhalation:** Remove to fresh air. Call a physician. **Ingestion:** If swallowed, promptly give plenty of water or milk. Do not induce vomiting. Call a physician.

For further information, please review the **Safety Data Sheet (SDS)** and **Product Label**.

### Storage & Handling

Keep from freezing. Store upright in original closed container at room temperature away from children. Do not mix with any other chemicals.

### PHYSICAL DATA

Package: 4 x 3.78L cases

Appearance: clear liquid

Colour: colourless

Foam: none

Odour: mild

pH: 2-4
