

Power Strip

a liquid alkaline stripper

DESCRIPTION

Power Strip is a new, fast, effective, labour and cost saving method for removing aged and dirty floor finishes.

DIRECTIONS

1. Add recommended amount of stripper to hot water and apply liberally to the floor.
2. Allow to work for 5 to 10 minutes. Be sure to keep the floor wet.
3. Pick up emulsified finish and dirt.
4. Rinse with clean water.

For maximum performance agitate with strip pads and orbital floor scrubber.

Dilution Ratios

Heavy finish build-up: Mix 1-1 with water

Medium finish build-up: Mix 1-2 with water

Light finish build-up: Mix 1-4 with water.

PHYSICAL DATA

Appearance	Liquid
Colour	Red
Odour	Mild
pH	10.5 – 11.3
