

DESCRIPTION

All Purpose Dish a chlorinated, powdered dishwasher detergent designed for fast and efficient dishwashing. Specially formulated for use in soft or hard water, All Purpose Dish provides a unique blend of detergent to give sparkling clean dishes, cutlery, glasses, plasticware, pots, and pans. This product is suitable for use in all types of mechanical dishwashers.

FEATURES & BENEFITS

multi-purpose • chlorinated • for soft or hard water • helps maintain cleanliness and cleaning standards • high dilution ratio means low cost per use

DIRECTIONS

Uses:

Use approximately 2 grams per litre of water. Less or more maybe required depending on soil severity and water conditions.. All Purpose Dish is **NOT** intended for use with silver or silver plate. **DO NOT** use in water temperature that's above 65°C (150°F).

For dish machine sanitizing rinse: 50-100ppm available chlorine. A suitable concentration/ppm testing method must be available and used regularly to ensure correct sanitizer levels.

For concentration higher than 200 ppm: Food contact surfaces are to be thoroughly rinsed with potable water so there will be no contamination of food as a result of its use. Sanitized surface must be air-dried.

First Aid:

Eyes & Skin: If eye or skin contact occurs, immediately flush with plenty of water for at least 15 minutes. Call a physician. **Ingestion:** If swallowed, promptly drink a large quantity of water. Do not induce vomiting. Call a physician. **Inhalation:** Remove to fresh air.

For further information, please review the **Safety Data Sheet (SDS)** and Product Label.

Storage & Handling:

Do not mix All Purpose Dish with acid products (a toxic chlorine gas could result). Keep from freezing. Store in original closed container at room temperature away from moisture.
