

## DESCRIPTION

Digestor is a pleasant smelling, bacterial and enzyme activated liquid. The bacteria used are provided by nature, and are designed as a natural method for cleaning.

## FEATURES & BENEFITS

contains no harsh acids, alkalies or solvents • multi-enzyme activated liquid • converts grease into a liquid to prevent build-up • can be applied with automatic feed pump • eliminates odours in bathrooms and from carpets • very effective in keeping drains clear, when used regularly • digests grease and many other stains

## DIRECTIONS

### Uses:

**Drains:** Digestor is used in institutional grease traps to eliminate the build-up of grease which in time has to be either cleaned by hand or by expensive pump-out methods. Digestor converts the grease into liquid which flows down the drain causing no further problems. Use as a detergent in bathroom maintenance and odour control. Spray into garbage containers for odour control. Use as a carpet deodorizer. Pre-spray fabric stains.

### Usage:

Apply into a drain nearest to trap. It can be applied manually or with an automatic feed pump. Add from 3 - 33 fluid ounces (100 to 1000 mL) per day, depending on number of meals served. Follow direction on label for exact amounts. As a stain remover, use prior to main wash or as a pre-soak. Allow 15 minutes to activate. Use at a rate of 1:64 with warm water as a detergent on any surface.

### First Aid:

**Eyes & Skin:** If eye or skin contact with concentrated product occurs, immediately flush with plenty of water for at least 15 minutes. Call a physician. **Ingestion:** If swallowed, promptly give plenty of water. Do not induce vomiting. Call a physician.

For further information, please review the **Safety Data Sheet (SDS)** and Product Label.

### Storage & Handling:

Keep out of reach of children. Store in closed, original upright container at room temperature. Keep from freezing.

## PHYSICAL DATA

Package: 4 x 3.78L cases & 18.9L pails

Appearance: opaque liquid

Colour: white

Foam: low

Odour: pleasant fragrance

pH: neutral
